Inspection of CJC™ Equipment Saturation 30 Days Operation

Results

Sample BEFORE CJC
Filtration: 16-03-2008

Sample AFTER CJC
Filtration: 16-03-2008

Purpose

- Improve drastically the cleanliness code of the diesel in each pass by the CJC filters
- Reduce drastically the consumption of the in-line filters
- Protection of the diesel injector

Benefits

- Low frequency of maintenance
- Low frequency in filter replacement
- Low operation cost
- High dirt holding capacity
